

Mission Statement:

1. To develop driving skills of our students/customers and build awareness of high-performance driving and racing to the motoring public.
2. To develop our students/customers into racers (preferably Conference racers who become TC members).
3. To develop and recruit talented and experienced instructors within Team Continental.
4. To provide a source of revenue for Team Continental.

Above all, to be safe and have fun participating in the TC Driver Training events. We must convey a sense of enthusiasm for our sport and our club and excellence in what we do (without taking ourselves too seriously!)
